

Healing California

# 2019 Annual Report

Dear friends,

Thanks to the generosity of individuals, corporations, and foundation supporters like you -- 2,557 Californians received \$916,388 in free, quality dental, medical, and vision care at 15 clinics across the state in 2019. Healing California also welcomed Melissa Tillman as our new Executive Director, Jon Uribe as a Program Manager, and Carol Laumen, Swati Chandra, and Greg Pearl, OD as new Directors.

Your generous gifts helped expand our capacity and fuel our model of recruiting local, licensed volunteers to ensure that critical dental, vision and medical services are accessible to those who need them most. The following pages highlight a year of incredible impact.

From the bottom of our hearts, thank you for your partnership and investment in this work.

Together, we are Healing California!

**Linwood Boomer**  
Founder & Board Chair

**Melissa Tillman**  
Executive Director

## **Our Mission:**

Healing California provides free, quality dental, medical, and vision care to those in need in California.

## **Our Vision:**

Healing California is working toward a time when all Californians have access to quality health care.

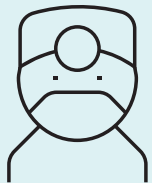

## Guiding Principles:

-  We make the safety, health, and dignity of our patients our most urgent priority to safeguard the trust we've been given.
-  We provide a uniquely positive and rewarding volunteer experience to create enthusiastic long-term partners in our mission.
-  We hold ourselves to the highest standards of governance, accountability, and transparency to deserve the absolute confidence of our donors and partners.
-  We work to ensure our employees on all levels are respected, treated fairly, and empowered to succeed in their roles at Healing California.

All of our health care services will always be offered free to patients.

# WHY ARE WE HEALING CALIFORNIA?

---

“

*I was in a car accident and it cracked my teeth all the way across. I have VA and MediCal, but I can't afford the co-pay on a fixed income. I hadn't been to the dentist in 12 years, and I'm glad I came to the Stand Down and was able to get this done. I really appreciate that I was able to get to the next step to get to my new teeth.*

”

**Daniel B, U.S. Veteran**

“

*It's nerve-wracking when you haven't been to a dentist in three years. I've always had a phobia of going to the dentist, but I felt comfortable here. I really like is how clean it is. Everything is wiped down, sterilized and it's clean, and that made me feel real comfortable. As a Veteran, I really do appreciate the services.*

**Veronica J, U.S. Veteran**

”

“

*My Husband is a veteran and we're homeless. We haven't had insurance for almost three years now. My left eye was having problems - I was seeing double. I'm really happy that I'm getting two pairs of glasses!*

”

**Patty, Healing California patient**

While public and veteran assistance programs can provide a lifeline for some medical services, for many people, cost is a significant barrier to receiving healthcare.

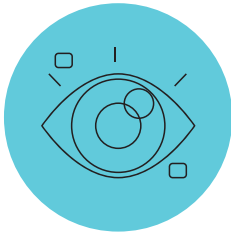

Foregoing basic care can lead to exacerbated health issues and more costly interventions that can have a significant impact on the individual, their families, and the community as a whole.

1 in 10 Californians report being uninsured

Given the significant health risks associated with poor oral care and the costs and consequences of untreated dental needs, Healing California has made improving the oral health status of Californians one of our top priorities.

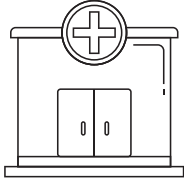

Improving eyesight is equally as important as maintaining basic dental and health care. Regular eye exams are critical to finding eye diseases early and preserving an individual's vision. Early treatment is critically important to prevent some common eye diseases from causing permanent vision loss or blindness.

42%

of Californians who delayed seeking care reported their condition got worse

# Program Activity

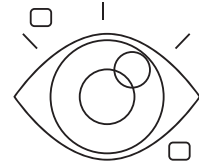

9 out of 15 clinics were Veteran Stand Downs

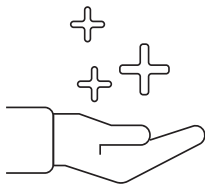

**15** Clinics

**1353** Dental Patients Served

**1204** Vision Patients Served

**\$916k** Value of Services Delivered

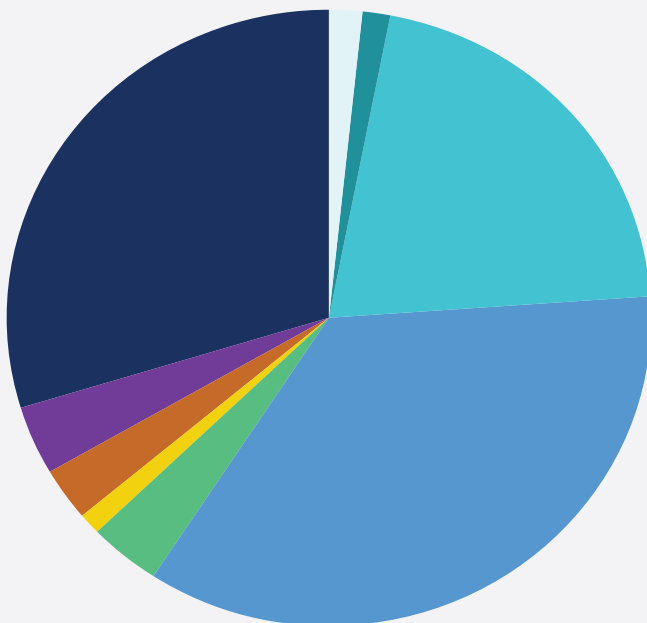

**445** Volunteers

**1806** Number of glasses produced

# OUR PARTNERS

---

# OUR VOLUNTEERS

---

*"I respect the untiring efforts to serve veterans and people in need of dental treatment for free. I had a great experience working with Healing California."*

**Akhilesha Puvvala, Dental Assistant**

---

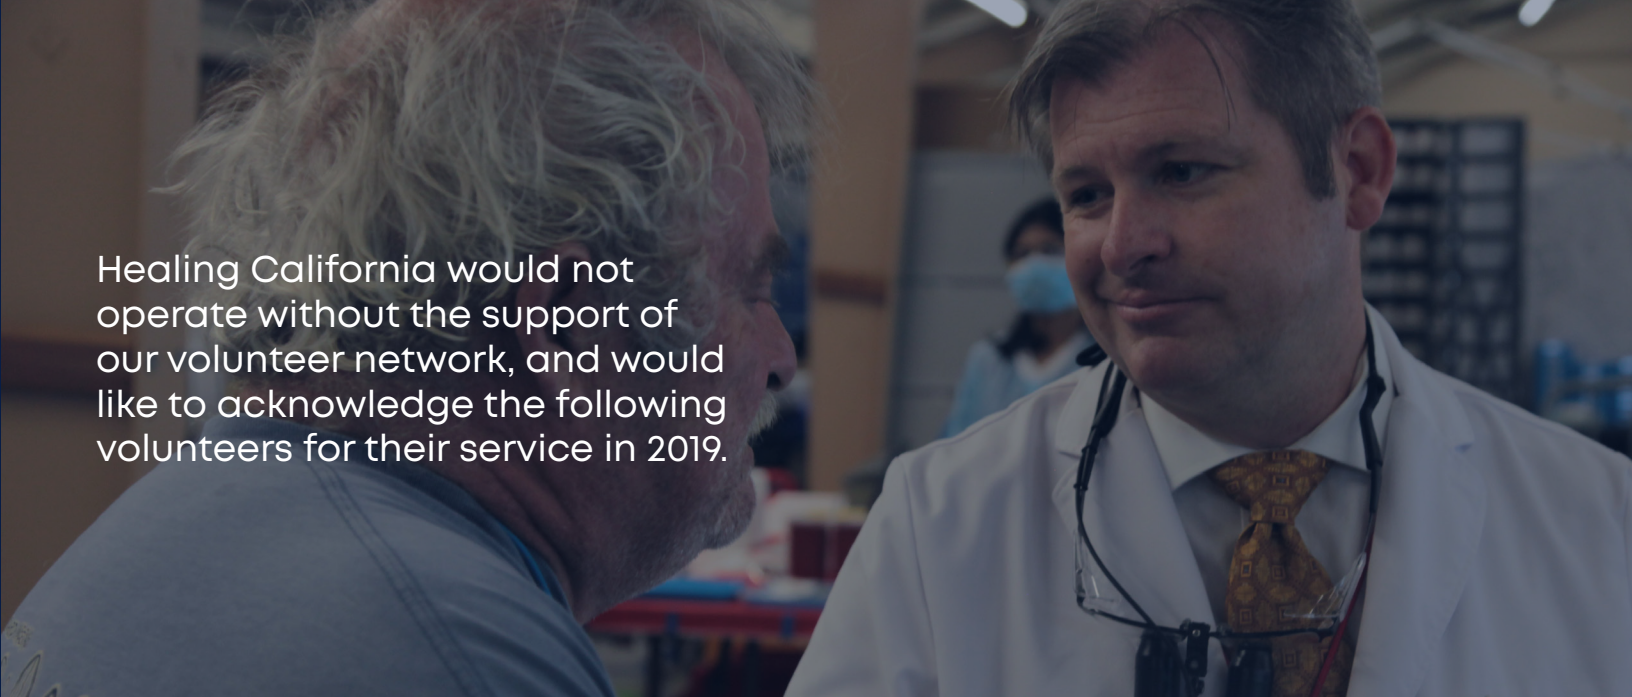

*"It's nice to see the appreciation the veterans have for us [volunteers] and the camaraderie they have with each other."*

**James Chen, DMD**

*"Healing California is a really worthwhile organization! It was amazing to see all those people receive much needed dental and optical care. The staff I worked with were terrific and the veterans kept thanking ME for helping them even though they had risked their lives for our freedom. Eye-opening experience! I would definitely do it again!"*

**Roxanne Davis-Yee, RN**

Healing California would not operate without the support of our volunteer network, and would like to acknowledge the following volunteers for their service in 2019.

## 100+ hours:

# Together, we are Healing California!

**Volunteer:** For professionals and general volunteers alike, helping provide services at a Healing California clinic is an amazing way to give back to families in need in your community.

**Donate:** The generosity of individuals, corporations and foundations keeps Healing California's services free to patients, partners, and clinic hosts. Every \$1 you donate generates \$10 worth of services for someone in need.
